

Of all the birds, our Creator chose the Eagle to be the leader

SKY HUNTERS

Raptor Education and Rehabilitation

NOTES FROM THE NEST

WINTER 2022

HAPPY HOLIDAYS TO ALL OUR FEATHER-LOVING FRIENDS!

At the close of another topsy-turvy year, we were glad to see that things continue to move towards a more normal pace! We hope that you have been staying safe and healthy!

Thank goodness most kids are back to school, and more facilities have opened like the nature centers, garden clubs, and museums. We are back with our education programs, too! We recently enjoyed partnering with Earth Discovery Institute. Their environmental education program brought 60 4th graders to the San Diego National Wildlife Refuge near Spring Valley/Rancho San Diego.

What a great opportunity for these kids to get on busses with their classmates, so missed the past couple years, and get to see and learn about raptors up close from Sky Hunters! They also took a trek through the wildlife refuge's woody flora, getting fresh air and a chance to see nature in the wild! A great way to get kids to stop looking at a video screen and at the amazing screen that nature provides, and that we are so fortunate to have nearby. Learn more at earthdiscovery.org and at fws.gov/refuge/san-diego.

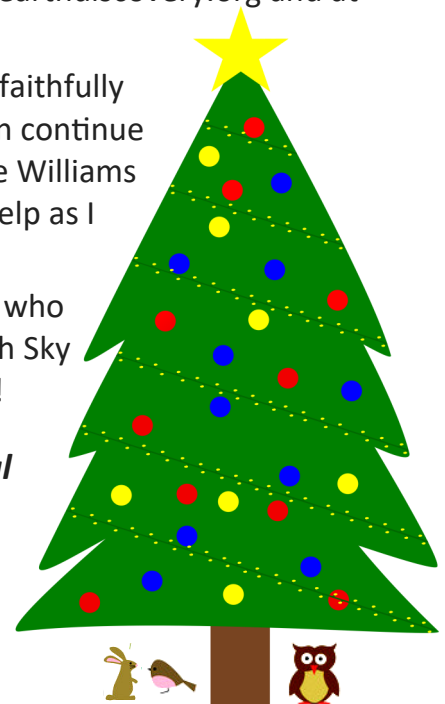

We can never say thank you enough to the incredible volunteers who faithfully work to help us stay nice and shiny! Lauren Sapota and Mallory Dotson continue to be the most incredible hard workers, and our "right hand" Shawnee Williams is amazing. We are so fortunate to have these wonderful humans to help as I continue to recover from hip surgery.

We are further blessed by all of you who continue to support and care for with Sky Hunter's mission. Thank you all!

***Blessings to all for wonderful
holidays and a Healthy,
Happy New Year!!
Nancy and John***
